National and Regional Conventions

The annual National convention runs one week and usually features well over 100 clinics, more than 50 layout tours, and dozens of prototype tours. The National Train Show runs for the final three days of the convention.

Regional conventions vary in duration from two to five days. Many feature prototype and layout tours, plus clinics and other activities.

• www.nmra.org/regions/ for Region and Division website URLs

Special Access to Places and People

As an NMRA member, you'll have access to all kinds of railroad locations you'd never otherwise see. Often National and Regional conventions will tour prototype facilities such as yards and maintenance shops, and will charter special excursion railroads that are usually never open to the public. You'll have the chance to see top-of-the-line model railroads that usually don't accept visitors. And you'll be able to spend time talking with some of the most famous personalities in model railroading today.

For information about upcoming conventions, see the links in the "Conventions" section above.

Modeling With The Masters® (MWTM)

This is an intense, multi-day regimen of direct instruction by members who have received their Master Model Railroader® certification. Modelers get hands-on experience in beginning and intermediate modeling techniques. MWTM classes are usually offered at the National convention, but MWTM courses have also been offered in various cities and at Regional conventions across the country.
